PROFESSIONAL SUMMARY

Web Developer with a bachelor's degree in Statistics and practical experience building responsive web applications using HTML, CSS, Tailwind CSS, JavaScript, TypeScript, Express.js, Next.js, and React.js. Skilled in Figma, familiar with Python for data analysis. Combines strong analytical and problem-solving abilities with an interest in UI/UX to create clean, intuitive, and user-focused digital experiences.

TECHNICAL SKILLS

UI/UX Design: Figma, Wireframing, Prototyping, UI Design, UX Design, Responsive Design, Design Systems

Web Development: HTML5, CSS3, JavaScript, React.js, Node.js, TypeScript, Next.js, REST APIs, Git, GitHub

Core Strengths: Analytical Thinking, Problem Solving, Research, Communication, Attention to Detail, Continuous Learning

SELECTED PROJECTS

Ssusu-luxe hair: A modern e-commerce platform built for a US-based hair and weavon business. The application provides customers with a seamless shopping experience while giving administrators tools to manage products, customers, orders and store content. The project was designed with a focus on responsive UI, secure authentication, API-driven architecture, database management and production deployment.

Preview: <https://ssusuluxe.vercel.app/>

Tech Stacks: Next.js, TypeScript, Python, Fast API, SQLAlchemy, PostgreSQL (Supabase), Vercel, Render.

Midas Trading journal: A full-stack trading journal that syncs real trade data from MetaTrader 5, tracks P&L, win rate, and strategy performance, and is deployed with JWT-protected CRUD operations.

Preview: <https://journal-frontend-uooz.onrender.com/>

Tech Stacks: React, Node.js, Express, PostgreSQL, Python, JWT, Render, Tailwind.

EXPERIENCE

Independent Developer & Designer | *Freelance / Personal Projects* | 2025 - Present

- Developed friend and responsive user-friendly web interfaces using Tailwind CSS, Next.js and React.js.
- Built reusable UI components and implemented interactive features to improve usability and overall user experience.
- Translated design concepts from Figma into functional responsive web pages.
- Tested application across different screen sizes to ensure consistent and responsible experience.
- Collaborated with AI-assisted development tools to accelerate development while debugging and improving generated code.

EDUCATION

Bachelor of Science (B.Sc.) in Statistics [University of Benin, Benin city, Nigeria]

Relevant Coursework: Probability & Statistics, Statistical Inference, Correlation and Regression Analysis, Data Analysis, Sampling Techniques, Mathematical Statistics, Research Methods.

PROFESSIONAL DEVELOPMENT & ADDITIONAL INFORMATION

Professional Development: Python for Data Analysis, SQL, Power BI, UI/UX Design, Full-Stack Web Development.
